

## **2006 SUMMER OPPORTUNITIES FOR YOUTH IN THE 12<sup>TH</sup> CONGRESSIONAL DISTRICT**

Colleges and Universities throughout the 12<sup>th</sup> Congressional District have provided the following list of summer programs for young people. My office compiled this directory as a resource for parents, guardians, teachers and counselors to find positive activities for young people during the summer. The information listed in this guide was provided by the colleges and universities at my request and may not include all summer programs.

### **CENTRAL PIEDMONT COMMUNITY COLLEGE**

**P.O. Box 35009**

**Charlotte, NC 28235**

**(704) 330-6647 Fax (704) 330-6225**

[www.cpcc.edu](http://www.cpcc.edu)

#### **Summer Bridge Program**

**TBA**

This program is a six-week academic and enrichment program designed to provide recent first generation/low income high school graduates a structured environment to transition from high school to college. Funds are provided for tuition, fees and books, and upon completion of the six-week period, participants will earn six college credits.

#### **Forensics Kamps for Kids (5<sup>th</sup> and 8<sup>th</sup> Graders)**

**June-July**

There is a fee required for these classes.

### **DAVIDSON COLLEGE**

**Office of the President**

**P.O. Box 7145**

**Davidson, NC 28035-7145**

**(704) 894-2201 Fax (704) 894-2105**

[www.davidson.edu](http://www.davidson.edu)

#### **July Experience**

**July 9-29**

A three-week program geared towards rising high school seniors that provide a unique educational, social and creative experience on the campus of Davidson College. Classes are taught by Davidson College professors – come and see what college classes are really like. For more information go to [www.davidson.edu/academic/education/julyexp.html](http://www.davidson.edu/academic/education/julyexp.html).

### **DUKE UNIVERSITY**

**Youth Programs**  
**Box 90700**  
**Bishop's House Room 201**  
**Durham, NC 27708**  
**(919) 684-6259 Fax (919) 681-8235**  
[www.learnmore.duke.edu/youth/](http://www.learnmore.duke.edu/youth/)

**Duke Action Science Camp for Young Women** **June 18-June 30**

A summer camp designed for young women currently in grades 5-7 that promotes scientific discovery through laboratory and field experiences in a forest environment. Participants examine ecological and biological principles through explorations of terrestrial and aquatic life; chemical and physical properties of the environment; and the impact of human activities on ecosystems.

Cost: Residential-\$1655; Day Campers-\$865

**Duke Young Writers' Camp** **(Session I) June 18-June 30**  
**(Session II) July 2-14**  
**(Session III) July 16-28**

A writing camp geared toward students currently in grades 6-11 that offers stimulating and lively classes in creative and expository writing. Participants develop and refine their creative and analytical processes of writing through diverse course offerings, such as short story, poetry, journalism, playwriting, and mystery writing. The academic day also includes small and large group learning activities, readers' forum, and designated time for free-writing.

Cost: Residential-\$1565; Extended Day Camper-\$1025; Day-\$775

**Duke Drama Workshop** **July 16-28**

A drama workshop designed for students currently in grades 9-11 that offers an intense drama experience, which culminates with a final performance. Participants attend daily acting classes to learn the creative and technical processes of acting and rehearsal periods of selected scenes from plays. The workshop provides a supportive environment for students who are committed to refining their skills and building a community of actors.

Cost: Residential-\$1565; Extended Day Camper-\$1025

**Duke Creative Writers' Workshop** **July 2-14**

A creative writing workshop geared toward students currently in grades 10 and 11 for advanced writers, who are committed to refining their skills and building a community of writers. Instructors and peers work collaboratively to assist participants in reaching their self-defined workshop goals. The interactive format allows participants to share work in small groups and receive constructive written and verbal feedback in a supportive environment.

Cost: Residential-\$1565; Extended Day Camper-\$1025

**Duke Expressions! Performing Arts Camp** **June 18-30**

An art camp designed for students currently in grades 5-8 that offers an exploration of the fine arts through intense, active learning. Curriculum offerings include drama, visual art, dance, and musical theatre. Participants and staff work together to develop a community of

working artists where students are encouraged and supported to stretch their creativity and expand their talents.

Cost: Residential-\$1565; Day Campers-\$825

**Duke Constructing Your College Experience**

**July 16-21**

A summer youth program for students currently in grades 10 and 11 that is designed to empower college-bound students in their exploration of college options and the navigation of the college application process. Participants learn to evaluate colleges relative to their own interest and needs, understand the multi-dimensional application process, and discover the challenges and opportunities of university life.

Cost: Residential-\$1150; Extended Day Camper-\$900

**Duke Sports Camps**

Duke provides an array of sports camps for youth that include baseball, men's basketball, women's basketball, field hockey, football, golf, men's lacrosse, women's lacrosse, men's soccer, women's soccer, tennis, track & field, volleyball, wrestling and the Duke Coaches Academy. For more detailed information on these camps and programs please visit the sports camp website at <http://goduke.collegesports.com/camps/duke-camps.html>.

**HIGH POINT UNIVERSITY**  
**833 Montlieu Avenue**  
**High Point, NC 27262**  
**(336) 841-9214 Fax: (336) 841-4599**  
[www.highpoint.edu](http://www.highpoint.edu)

**Boys Basketball Camp**

**June 16-29, July 2-13**

**Girls Basketball Camp**

**June 11-15**

**Boys and Girls Soccer Camp**

**July 16-30**

**JOHNSON C. SMITH UNIVERSITY (JCSU)**  
**100 Beatties Ford Road**  
**Charlotte, NC 28216**  
**(704) 378-1014**  
[www.jcsu.edu](http://www.jcsu.edu)

**National Youth Sports Program**

**TBA**

A free five-week program engages participants in sports activities, educational enrichment programs, drug prevention activities, and field trips to selected community sites.

Contact: (704) 378-1206

**NORTH CAROLINA A&T STATE UNIVERSITY (NCA&T)**  
**1601 East Market Street**  
**Greensboro, NC 27411**  
**(336) 334-7920 Fax (336) 334-7282**  
[www.ncat.edu](http://www.ncat.edu)

## **Elementary-Middle School**

### **Write On!**

**June 3, 10, 17, 24, 30**

This program is an interactive Saturday camp to improve writing skills for ages 8-11. Students will receive interactive lessons and tutorials in basic grammar skills, sentence structure and the keys to writing a Grade A essay. Students will meet local journalist, poets, authors and writing enthusiasts during each session. **For more information about Write On!, Contact Ms. Samantha Hargrove at (336) 988-2019, (336) 256-0863, or (336) 256-0863, or [samhargrove@hotmail.com](mailto:samhargrove@hotmail.com).**

### **Engineer Starters Program Junior (ESP Jr.)**

**July 17-21**

It is a one-week program for rising 5<sup>th</sup> and 6<sup>th</sup> graders that provides instruction in mathematics, science, electronics, and multi-engineering disciplines; including hands-on laboratory activities, computer applications, tours, field trips. **For more information, contact Mr. Vernal G. Alford III, at (336) 334-7780 ext. 231 or [vga3@ncat.edu](mailto:vga3@ncat.edu).**

## **Elementary-High School**

### **National Youth Sports Program (NYSP)**

**June 5- July 7**

The National Sports Program (NYSP), sponsored by the Department of Human Performance and Leisure Studies, combines sports instruction with exciting educational programs for youth ages 10-16. Enrollment is free and open to all youngsters in the community whose parent(s)/guardian(s) meet Department of Health and Human Services income guidelines. NYSP participants also receive, at no cost, an NYSP t-shirt, a daily USDA approved meal, transportation to campus, if necessary, a medical examination, accident insurance coverage, and interaction with college students and staff. **For further information about the 2006 NYSP program contact Mr. Billy Edrington or Mr. Everett Bruce at (336) 256-0535 or [edringst@ncat.edu](mailto:edringst@ncat.edu).**

## **Middle School – High School**

### **Energy Engineers Starters Program (EESP)**

**7<sup>th</sup> & 8<sup>th</sup> Grade- July 17-18**

**9<sup>th</sup> & 11<sup>th</sup> Grade- June 19-30**

EESP is an educational and outreach program sponsored by the Center for Energy Research and Technology at North Carolina A&T State University and is designed to create an awareness of the ways energy is used and how it can be saved. This program is funded by the State Energy Office (SEO), North Carolina Department of Administration. The program will provide instruction in mathematics, science, and engineering, career awareness, and motivational activities. Students will be able to conduct experiments as they relate to renewable energy especially solar, hydrogen, fuel cells and bio energy. This is non-residential program which operates daily from 8:00 am to 4:00 pm except on days participants travel on educational field trips. Applicants must be rising 7<sup>th</sup> through 11<sup>th</sup> graders. EESP is a one two-week session. **For further information about the EESP program contact Ms. Venetia Fisher at (336) 334-7575 or [frseng@ncat.edu](mailto:frseng@ncat.edu).**

### **Engineer Starters Program (ESP)**

**July 17-28**

ESP serves as an avenue to target specifically those underrepresented in the science, mathematics, engineering and technology fields and provide them with tools necessary for success in today's highly technical world. ESP is a non-residential program for 7-12 graders that provides instruction in mathematics, science, electronics, and multi-engineering disciplines; including hands-on laboratory activities, computer applications, tours, field trips. **For further information, contact Vernal G. Alford, III, at (336) 334-7780 ext. 231 or [vga3@ncat.edu](mailto:vga3@ncat.edu).**

**Para-Research Program (PRP)**

**July 17-28**

PRP is designed for high school students, rising 9-12<sup>th</sup> graders. A variety of workshops, seminars will be presented, i.e., Human Factors engineering will include career exploration, hands-on laboratory activities, and a design competition; web page design and competition, supply chain management, SAT preparation, (mathematics emphasis), essay writing, career development, tours, field trips, and more. **For additional information, contact Ms. Elaine Vinson at (336) 334-7780, ext. 525, or [vinson@ncat.edu](mailto:vinson@ncat.edu)**

**Academy for Sports and Computational Explorations in Science (ASCES) July 11-7**

ASCES is a cooperative project of North Carolina A&T State University, the Black Child Development Institute of Greensboro (BCDI-G) and the Hayes-Taylor YMCA. The summer component consists of a residential four-week summer Institute with focused exploratory research projects, sports, workshops, math and science enrichment, life skills workshops and weekly field trips for students in grades 6-8 or ages 12-14. **For further information about ASCES contact Ms. Jessica Rogers at (336) 230-2138-7808.**

**Research Apprenticeship Program (RAP)**

**June 18-30, July 9-21**

RAP is a two-week residential program for high school juniors and seniors, sponsored by the School of Agriculture and Environmental Sciences (SAES) at North Carolina A&T State University. Its main objective is to simulate interest in careers in the food, agricultural, environmental, family and consumer sciences. Through the program, students will conduct research projects ranging from landscape architecture and pesticide studies, biotechnology, horticulture and animal sciences to air quality, food and nutrition and international trade under the direction of the SAES research scientists. To qualify, a student must be a citizen of the United States of America, have a cumulative GPA of 2.5 or better, rank in the top 25th percentile of his/her class and agree to abide by University and Program rules and regulations. In addition, students will receive a stipend in the amount of \$250 per week. The program pays room, board, health and accident insurance, and activity fees. **The application and required attachments must be received by Wednesday, February 15, 2006.** Interested students should visit the School of Agriculture and Environmental Sciences Web Site: <http://www.ag.ncat.edu>, click on prospective students and Research Apprenticeship Program (RAP). **For more information, contact Dr. Carolyn Turner, Associate Dean for Agricultural Research, at (336) 334-7612, [turnerc@ncat.edu](mailto:turnerc@ncat.edu) or Ms. I. Azell Reeves, Student Services Manager, at (336) 256-2062, [reevesi@ncat.edu](mailto:reevesi@ncat.edu).**

## **High School**

**Institute for Future Agricultural Leaders (IFAL)**

**June 18-23**

Sponsored by the School of Agriculture and Environmental Sciences, this one-week residential program is designed for high school juniors and seniors to develop their potential

124 high school students from Guilford and Rockingham Counties. **Upward Bound services** are provided in three components (1) a six-week residential program, (2) a nine-month academic year program and (3) a bridge program for Upward Bound graduates. Services include instruction, tutoring, career exploration, counseling, and academic advisement as well as recreational, social and cultural activities. In order to be considered for enrollment in Upward Bound, potential participants must complete an application, reside in the target area, be enrolled or plan to enroll in a college prep curriculum in school, and show a need for program services. The family must also meet income and educational guidelines. **For further information, contact Ms. Beverly Wallace at (336) 334-7659, (336) 334-7985 or [beverlyw@ncat.edu](mailto:beverlyw@ncat.edu).**

**Talent-21 Summer Institute Program**

**TBA**

The Talent-21 Summer Institute Program is funded by the National Science Foundation's Historically black College and University for Undergraduate Program (HBCU-UP), is a six-week residential program that will allow students to earn course credit to get ahead in their curriculum and gain a broad view of the science and engineering possibilities through exploration and investigation projects. Faculty trained in inquiry-based pedagogies will be supported to teach the courses and use the summer institute as a teaching and learning research laboratory. The program serves entering college freshmen. **For more information or an application, contact Mrs. Candy Carter at (336) 256-0805 or [candy@ncat.edu](mailto:candy@ncat.edu).**

**Helping Orient Minority Engineers (HOME) Program**      **June 29-August 4**

HOME introduces students to the disciplinary world of engineering; orients students to North Carolina A&T State University and corporations within their geographic area. It empowers students to be successful, increases enrollment in the College of Engineering, and improves retention of both students and future employees. The program serves incoming freshmen engineering students. **For more information, contact Dr. Lee Parrish at (336) 334-7589 or [parrishL@ncat.edu](mailto:parrishL@ncat.edu).**

**NORTH CAROLINA CENTRAL UNIVERSITY (NCCU)**

**Mrs. Elaine W. Reid, Assistant Director  
Summer Academic and Sports Program**

**P.O. Box 19645**

**Durham, NC 27707**

**(919) 530-7677 Fax: (919) 530-5220**

**[www.nccu.edu/univcoll/](http://www.nccu.edu/univcoll/)**

**Algebra**

**TBA**

An advanced course designed for participants to study and learn advanced algebraic problem solving.

Cost: \$250

Contact: (919) 560-6324

**Academic Summer Accelerated Program**

**TBA**

A four-week intensive, residential, pre-college program that introduces middle and high school students to a college environment. The program is designed to enhance performance in English, Mathematics, Science, and History and offers some career building skills.

Cost: \$1,500 (Residential)

Contact: Cassandra Palmer @ (919) 530-7543

**Computer Graphics**

**June 12-16**

Designed for students who are disciplined and strongly committed/interested in becoming an artist. The camp shall be an intense one-week of activities drawing on basic art skills, using macintosh computers and the leading industry software. Campers shall meet the art faculty and work the scholars majoring in visual communications and multi-media.

Cost: \$300.00

Contact: Bobby Murray @ (919) 530-5070

**Computer Science**

**TBA**

An advanced computer class designed for participants who have basic computer skills and would like to incorporate advanced computing, programming and web design into their knowledge base.

Cost: \$250

Contact: Clayton Mack @ (919) 530-7620

**Elementary Summer Academic Program for Girls and Boys** TBA

Enrichment for elementary school boys and girls, ages five to eleven. Academics (math and reading) will be focused on during the morning sessions and recreational activities such as swimming, sewing, carpentry, crafts and field trips will be focused on in the afternoon sessions. Students EOG Test assessment is required before starting camp session.

Cost: \$750

Contact: Cassandra Palmer @ (919) 530-7543

**Measurement and Geometry**

**TBA**

A two-week course for middle school students (grades 6-8) that will expand students study of perimeter and area of parallelograms, triangles, and circles, computing surface area and volume of prisms, cylinders, and cones. Students will also study symmetries and transformations, and become proficient at visualizing and recognizing figures, which have been changed by slices, rotations, and/or reflections using hands-on materials.

Cost: \$250 lunch included

Contact: Alade Tokuta @ (919) 530-5108

**NASA/EXORT/SPUR**

**TBA**

Summer research opportunities for high school and undergraduate students (ages 16-19). Program participants shall report the Julius L. Chambers Biomedical Biotechnological Research Institute.

Cost: No fee (meals included)

Contact: Dr. Eleanor Nunn @ (919) 530-7067

**North Carolina Adventure**

**TBA**

A camp where participants (Grades 6-12) shall learn about and visit historic sites in North Carolina. There will be trips to Tryon Palace (New Bern), Somerset (East Spencer); and the North Carolina Museum of History, Carolina museum of National Sciences, and Historical Oakwood (Raleigh). The camp is designed to provide participants with an opportunity to learn more about our state.

Cost: \$125 lunch included

Contact: Freddie Parker @ (919) 530-6271

**Pre-Algebra Enrichment**

**TBA**

An intensive two-week course for middle school students (grades 6-8). This course will provide students with instruction in fundamental pre-algebra skills (computing integers and square roots, solving equations, and graphing with linear equations). Students will also learn to identify patterns and relationships in real world problems and how to express them algebraically.

Cost: \$250 lunch included

Contact: Icelean Payton (919) 530-6324

**Scholastic Aptitude Test Preparation**

**June 5-10, June 19-24**

Five-Day workshops designed for students in grades 9-12 to increase performance on the SAT. Three sessions will be held daily including SAT strategies, and math and verbal test skills.

Cost: \$500 meals included

Contact: Dr. Joseph Aicher (919) 530-6324

**Summer Bridges Writing Institute**

**June 19- August 18**

The institute is a full-day summer writing camp designed to provide school-aged children (elementary and middle school) with stimulating, enriching, and culturally appropriate experiences that shall engage students in creative literacy activities within an environment of positive guidance and support. The institute is a collaboration between university-level researchers and mentors, teachers, local literary agencies and community-based organizations.

Cost: \$135/per week

Contact: Valerie Anderson @ (919) 957-1658

**Student Leadership Institute**

**May 22-June 2**

The institute is a two-week leadership experience encompassing juvenile justice, homeland security, and research service learning for college students. The course shall consist of three tracks: juvenile justice, homeland security, and a small stipend shall be provided.

Contact: Mr. Arnold Dennis @ (919) 530-7091

**Summer Ventures in Science and Math**

**June 18-July 15**

The Summer Ventures in Science and Mathematics is a state-funded program for academically talented rising high school juniors and seniors. The program brings juniors and seniors together in residential settings for four weeks of intensive study. Specifically, students learn experimental design, laboratory skills, instrumentation, mathematical modeling, strategies in mathematical problem solving, and exploratory data analysis. Students also learn about computer applications, careers in science and mathematics, social issues related to science and communication issues related to science and communication skills for mathematics and science competitions.

Contact: Dr. Jasper Harris @ (919) 530-5184 or 6394

**Lights Camera Action**

**TBA**

A week-long interactive workshop designed to bring the dream of acting to teens (grades 8-12) while enhancing their knowledge of African American Literature using the works of

Langston Hughes, Gwendolyn Brooks, Zora Neale Hurston, Lorraine Hansberry, Spike Lee and August Wilson. Explores the world of drama through improvisation, oral interpretation, dramatic readings and skits.

Cost: \$125

Contact: Tonya Hall @ (919) 596-5683

**Marching Band Auxiliary Camp**

**June 12-16**

A week-long activity that allows participants to create/build a portfolio based on performance and skills as a dancer in a marching band.

Cost: \$250/\$325

Contact: Tracee Robinson @ (919) 530-4523

**Money Camp**

**TBA**

Utilizes an innovative day format to provide middle and high school students with the financial information needed to create and route financial independence.

Cost: TBA

Contact: Katherine HARRIS @ (919) 787-3976

**String Camp**

**TBA**

The NCCU Community String Workshop is a community-targeted effort to provide an informal atmosphere in which all-orchestral stringed instruments (violin, viola, cello, bass) can be studied and played for the sheer love of playing and making music. Children and adults of all ages are welcome to participate.

Cost: \$125 lunch included

Contact: Timothy Holley @ (919) 530-6437

**Sadorian Digital Video Workshop**

**May 15-June 15**

**June 16- July 14**

Teach photography and videography production techniques using digital cameras, digital camcorders, iMovie, DVD and video presentation techniques.

Cost: \$300

Contact: John Riddick @ (919) 599-3038

**Theatre Awareness Camp**

**June 12-July 12**

Participants shall create their own characters while using acting techniques to bring them to life on stage. The characters created shall be utilized to enhance their knowledge of African American History and allow them to explore theatre arts.

Cost: \$150

Contact: Nichole Refour @ (919) 419-1059 or (919) 433-1500

**National Youth Sport Program**

**TBA**

A program geared towards young people giving them the opportunity to gain experiences in sports and enrichment activities.

Cost: No Fee

Contact: Michael Lawson @ (919) 530-5121

**Sports Camps**

**TBA**

NCCU provides many sports camps that include:

Boys Basketball {\$200} (Contact Henry Dickerson @ (919) 530-7059, Cheerleading {\$150}(Contact LuAnn Edmonds-Harris @ (919) 530-7349) **June 12-16**, Football {\$195/225}, Girls Basketball {\$195/\$225}(Contact Joli Robinson @ (919) 530-7051)

**NORTH CAROLINA SCHOOL OF THE ARTS**

**[www.ncarts.edu](http://www.ncarts.edu) [admissions@ncarts.edu](mailto:admissions@ncarts.edu)**

**Five-Week Sessions:**

**June 25-July 28, 2006**

**School of Dance:** Disciplined training in classical ballet and contemporary dance with a wide range of dance styles and dance-related subjects. Students who have completed a minimum of 6<sup>th</sup> grade or who are at least 12 years old may audition on Saturday, April 1 or Friday, May 12. Also open to college students. Video auditions also accepted up until May 19, 2006.

For specific information visit: <http://www.ncarts.edu/ncsaprod/summersession/dance.asp>.

**School of Drama:** The session is for the serious student who wishes to explore the acting profession. Students are introduced to the craft and technique of professional training for theatre, film and television. Students must be at least 15 years of age and have completed 9<sup>th</sup> grade. Drama teachers are encouraged to participate. The program is also open to college students.

For specific information visit: <http://www.ncarts.edu/ncsaprod/summersession/drama.asp>.

**School of Filmmaking:** The session is for students who are rising 10<sup>th</sup>, 11<sup>th</sup>, or 12<sup>th</sup> graders. The program is for either the beginning or intermediate student who is looking for a strong foundation for further training in the language of film and television. It provides an intensive experience in the demands of creative moviemaking.

For specific information visit:

<http://www.ncarts.edu/ncsaprod/summersession/filmmaking.asp>.

**School of Music:** The conservatory-style Chamber Music Institute focuses on chamber music and private lessons, technique development and rehearsal methods. Intended for the more advanced student, the Chamber Music institute is a rigorous and concentrated program integrating the study of chamber music with intensive private lesson and technique development classes. The program allows for in-depth exploration of entire multi-movement chamber works along with opportunities for repeated performances. Orchestral playing is emphasized in the first two-weeks of the program. Student must be at least 12 years of age or a minimum of a rising 7<sup>th</sup> grade student. College students are also encouraged to participate.

For specific information visit: <http://www.ncarts.edu/ncsaprod/summersession/music.asp>.

**Four-Week Session:**

**June 25-July 22**

**Visual Arts: School of Design & Production:** The program trains promising students to use the skills and tools of visual communication through a variety of methods. Studio classes explore the mechanical, philosophical, and intellectual aspects of the art experience. Instruction and practice provided in drawing, two- and three-dimensional design and sculpture. Students must be at least 14 years of age. The program is also open to the beginning college student.

For specific information call visit:

<http://www.ncarts.edu/ncsaprod/summersession/visualarts.asp>.

**Three-Week Sessions:**

**July 9-July 28**

**School of Drama: Stage Combat**

A fast-paced program focusing on familiarizing students with the essential requirements for performing safe, effective stage combat. Classes place emphasis on a non-violent approach to stage violence as well as the actor's right and responsibilities when required to perform fight scenes. The Society of American Fight Directors recognizes all fundamental techniques taught in the session. For serious students who wish to explore this intriguing aspect of the actor's craft. Students must be at least 15 years of age or have completed 9<sup>th</sup> grade.

For specific information visit:

<http://www.ncarts.edu/ncsaprod/summersession/drama.asp>.

**School of Music: Piano Workshop**

**June 25-July 15**

For specific information visit: <http://www.ncarts.edu/ncsaprod/summersession/music.asp>.

**School of Music: Chamber Music Institute**

**July 9-July 28**

Offered on a space-available basis, this program is intended for the more advanced student. The Chamber Music institute is a rigorous and concentrated program integrating the study of chamber music with intensive private lesson and technique development classes. The program allows for in-depth exploration of entire multi-movement chamber works along with opportunities for repeated performances. The program is mentored and coached by performing artists active in their fields and is for the student looking to quickly grow and mature in performance abilities. Student must be at least 12 years of age or at minimum a rising 7<sup>th</sup> grade student. College students are encouraged to participate.

For specific information call visit:

<http://www.ncarts.edu/ncsaprod/summersession/music.asp>.

**Two-Week Sessions:**

**June 25-July 8**

**School of Music:**

**Musica Piccola**

**Vocal Workshop**

**Guitar Workshop (July 16-28)**

For specific information visit: <http://www.ncarts.edu/ncsaprod/summersession/music.asp>.

**One-Week Session:**

**July 16-July 22**

**School of Music:**

**Organ Workshop**

For specific information visit: <http://www.ncarts.edu/ncsaprod/summersession/music.asp>

**THE UNIVERSITY OF NORTH CAROLINA AT CHAPEL HILL (UNC-CH)**

Contact: Laura White @ (252) 726-6841

**Upward Bound**

**TBA**

Upward Bound is a pre-college program that prepares high school students from low income families for higher education. Specifically, the program is designed to assist students in developing the skills and motivation necessary for completion of high school and to enter and complete college through academic, counseling and cultural activities. After school, Saturday and summer residential activities include: academic instruction, tutoring, career exploration, personal and small group financial aid counseling, college visitations, career internships, service learning, mentoring, and related activities. Upward Bound is a federal TRIO program.

**Upward Bound Summer Residential Program** **June 18-July 21**  
This is a college preparatory program geared towards grades nine through twelve. The goal of the program is to motivate the individual to continue to pursue a postsecondary education. During the first week of the summer component, participants are given a pre-test to assess their ability in various subjects. The last instructional week, they are given a post-test. A stipend is given in the academic year to participants of \$25 per month and \$10 per week in the summer component. Meals are provided and USDA subsidizes some portions. Curriculum classes taught include, but not limited to: English, math, science, computer applications, and foreign language. Electives include: music, art, drama, SAT Preparation, career awareness, calligraphy. The last days of the program are utilized for participants and residential staff to take a cultural enrichment trip.
